# A DAY WITHOUT A WOMAN

## Women's General Strike

On March 8th, International Women's Day, women and our allies around the world will act together creatively to withdraw from the corporations that harm us and find ways to support the businesses, organizations and communities that sustain us. As we prepare for A Day Without A Woman, we ask:

Do businesses support our communities, or do they drain our communities?

Do they strive for gender equity or do they support the policies and leaders that perpetuate oppression?

Do they align with a sustainable environment or do they profit off destruction and steal the futures of our children?

At Graduate Theological Union, the **Women's Studies in Religion Program** will mark March 8 with a day-long program of possible life-giving events for you to engage in, but encourage you to mark the day in whatever way feels right.
