Prohibited Sexual Misconduct and Title IX Administrative Policies and Procedures

This document discusses the Graduate Theological Union’s (GTU) policies and procedures when addressing prohibited sexual misconduct and issues related to Title IX, the Campus SaVE Act, and the Violence Against Women Act. Title IX refers to a section of the Education Amendments of 1972 law that prohibits sex discrimination in educational programs and activities at schools that receive federal financial assistance. Title IX protects students, employees, applicants for admission and employment, and other persons from all forms of sex discrimination, including discrimination based on gender identity or failure to conform to stereotypical notions of masculinity or femininity. All students and other persons at the GTU are protected by Title IX, regardless of their sex, sexual orientation, gender identity, part- or full-time status, disability, race, or national origin, in all aspects of a recipient’s educational programs and activities.

The Violence Against Women Reauthorization Act of 2013 (VAWA) (20 U.S.C. 1092(f)) amended the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act (Clery) under the Campus Sexual Violence Elimination Act provisions (Campus SaVE Act). These laws changed the violations that must be reported by the GTU to include domestic violence, dating violence and stalking as well as to expand the categories of reportable hate crimes.

This document also addresses concerns related to sexual harassment, sexual assault and sexual misconduct, dating violence, domestic violence, and stalking involving students, faculty and staff of the Graduate Theological Union, regardless of whether the alleged perpetrator is a student, faculty, staff or third party.

Non-Discrimination Policy

The GTU does not discriminate on the basis of race, color, national or ethnic origin, ancestry, sex, age, disability, religion, sexual orientation, gender identity or expression, veteran status, medical condition, marital status or any other characteristic protected by law in its programs or activities. The GTU prohibits unlawful harassment, including sexual harassment and sexual violence and will respond to violations of Title IX by protecting the victim and conducting a prompt and thorough investigation.

As a community of scholars devoted to research, learning and teaching, the GTU is committed to creating and maintaining an environment free of all forms of harassment, exploitation, and intimidation. Every member of the GTU community should be aware that such behavior is prohibited by law and school policy. The GTU will not tolerate sexual misconduct or harassment in any form, including acquaintance or date rape or violence, sexual assault, stalking or domestic
violence. The GTU will take appropriate action to prevent, correct, and discipline behavior that is found to violate school policy or laws proscribing such activity.

Authority
The GTU has a Title IX Coordinator whose responsibility it is to ensure that all the requirements of Title IX are met. The Title IX Coordinator may have one or more deputy coordinators to assist in the reporting, investigating and determination of findings related to a concern addressed by this document. In dealing with allegations and alleged perpetrators (Respondents) or victims (Complainants) it may be appropriate for the Title IX Coordinator to consult with other GTU offices and departments.

Respondent is a Student
In cases where the Respondent and the Complainant are both GTU students, the Title IX Coordinator or Deputy Coordinator is responsible for addressing concerns and making decisions related to investigations, charges and penalties. In cases where only the Respondent is a GTU student, the Title IX Coordinator or Deputy Coordinator is responsible for addressing concerns and making decisions. In both these cases the Dean and Vice President for Academic Affairs will manage and decide appeals. In cases where the Complainant is a GTU student but the Respondent is a student of another member school of the GTU, the Title IX Coordinator or Deputy Coordinator is responsible for coordinating with the Title IX Coordinator or designee of the member school to ensure the complaint is heard and addressed.

Respondent is a Staff Member
In cases where the Respondent is a member of the GTU staff, the Title IX Coordinator or Deputy Coordinator is responsible for addressing concerns and making decisions related to investigations, charges and penalties. The Title IX Coordinator or Deputy Coordinator may consult and share responsibility with the supervisor of the Respondent if appropriate. The President may designate one of the Vice Presidents of the GTU to manage and decide appeals, but not the Vice President overseeing the Respondent’s department.

Respondent is a Faculty Member
In cases where the Respondent is a member of the faculty the Title IX Coordinator or Deputy Coordinator will work jointly with the Dean and Vice President for Academic Affairs to manage concerns and make decisions under this policy. The President will manage and decide appeals.

Respondent is from Another School
Cross registration of students in courses within the consortium is a valuable feature of the GTU, and students, faculty and staff from the schools of the consortium frequently interact with one another. Interactions may take place in shared classes, advising, student groups, meetings and events, and in shared facility spaces such as the library.

In cases where the Respondent is a member of another school or affiliated institution, the Title IX Coordinator or Deputy Coordinator will work jointly with the Title IX Coordinator or designee of the other school or affiliated institution to manage concerns and make decisions under this policy. In these cases the Complainant is encouraged to report the concern directly to the Title IX Coordinator of the other school or institution. If the other institution does not have a Title IX
Coordinator the Complainant is encouraged to report the concern directly to the president, dean or chief administrator of the institution. In all cases, the Complainant should also report the concern to the GTU’s Title IX Coordinator or a Deputy Coordinator. This also applies to cases where the Respondent is a member of another institution with which the GTU has cross registration agreements, such as UC Berkeley, Dominican University and Holy Names University.

While the GTU Title IX Coordinator or Deputy Coordinator will work jointly with officials of the other school or institution, the prohibited sexual misconduct and Title IX policies and procedures of the Respondent’s institution will prevail and the Respondent’s institution will have control over the proceedings. The GTU may, at its discretion, conduct an investigation separate from that of the Respondent’s institution.

Respondent is a Vendor, Contractor or Third Party
The GTU encourages members of its community to report harassing or inappropriate conduct by a vendor, contractor or third party. In cases where the Respondent is not a student or employee of the GTU, but is on campus as a vendor or contractor or other party providing goods or services to the GTU, the Title IX Coordinator or Deputy Coordinator will work jointly with the Vice President for Administration and Finance to manage concerns and make decisions under this policy.

Applicability
The policies and procedures in this document apply to all students, faculty and staff of the GTU. Students enrolled in the common MA program and affiliated at a member school are covered under this policy, not that of the member school. Students who are enrolled in a member school but who work at the GTU are covered under this policy.

How to Report a Concern
The GTU encourages all individuals to seek assistance from a medical provider and law enforcement as soon as possible after an incident that may be sexual misconduct. Prompt reporting helps to ensure preservation of evidence and facilitates the identification and location of witnesses. The GTU encourages anyone who has been a victim of prohibited conduct to report concerns immediately. Complaints should be filed as soon as possible, but within one year of the alleged discrimination.

A report of sexual misconduct or a Title IX concern may be reported in a variety of ways, including:

- Reporting directly to the GTU’s Title IX Coordinator or one of the Deputy Coordinators
- Submitted, anonymously or otherwise, on the third party website designed to host comprehensive and confidential reporting at https://secure.ethicspoint.com/domain/media/en/gui/33916/index.html
- By calling a toll free number to submit a report: 855-433-9924

The GTU will promptly review and thoroughly consider all reports of incidents that may be sexual misconduct, violations of Title IX, or other actions addressed in this Policy. The GTU will
take prompt action to prevent, correct and discipline behavior that is found to violate this Policy, where appropriate, in the judgment of the GTU.

The filing of a report under this Policy is independent of any criminal investigation or proceeding that may take place by governmental authorities or law enforcement, and both the GTU and criminal investigations may be pursued simultaneously.

**General Information About Addressing Title IX Complaints**

**Confidentiality**

The GTU will make reasonable and appropriate efforts to preserve the Respondent’s and Complainant’s privacy and protect the confidentiality of information. Should the Complainant request confidentiality the Title IX Coordinator or Deputy Coordinator will inform him or her that the GTU’s ability to respond may therefore be limited, but that where feasible, it will take reasonable steps to prevent prohibited conduct and limit its effects. The Title IX Coordinator or Deputy Coordinator will also inform the Complainant that it is not always possible to provide confidentiality and that the GTU’s decision to share information with others is subject to other considerations.

The GTU is required by law to report certain types of reported sexual misconduct in its annual crime statistics report. Names and other identifying details of the incident are not made public in the annual crime report. The GTU is also required by law under certain circumstances to report any incident which might be classified as a violent crime, hate crime, or sexual assault to law enforcement. While the GTU strongly encourages and will assist the Complainant in filing a report with the Police or other trauma services, ultimately it is up to the Complainant whether or not to take this action.

Except if required by governmental agencies, the GTU will not disclose a victim’s identity unless the victim consents to being identified after being informed of his or her right to have identifying information withheld. If a victim does not consent to disclosing his or her identity, the alleged perpetrator’s identity will not be disclosed either, unless required by governmental authorities.

**Discussing Possible Sexual Misconduct without Making a Report or Record of the Incident**

If a person would like to discuss the details of an incident of possible sexual misconduct, without making a report or record of the incident, or in an otherwise confidential manner, the person should speak with persons who hold a relationship with the person of which there is a legal duty of confidence, such as with their physicians, mental health therapists, priests, or clergy members. These persons generally will maintain confidentiality if they are acting in their capacity as your physician, mental health therapist, or clergy member, except in extreme cases of immediacy of threat or danger, or abuse of a minor.

Generally speaking, the faculty and administrators of the GTU, even if they are ordained clergy or pastoral counselors, are not acting in their capacity as members of the clergy and do not have such a relationship with GTU students, and thus, they are required under this Policy to promptly
forward all reports of possible sexual misconduct to the Title IX Coordinator for consideration and response.

**Anonymous Reporting**
Anonymous reports, or reporting without disclosing the reporter’s name, can be made, but anonymous reporting is not the preferred way. Depending on the information received, the GTU’s ability to respond to an anonymous report may be limited. The Title IX Coordinator or Deputy Coordinator will review anonymous reports received by GTU and determine whether an investigation and response is appropriate.

**Alcohol, Drugs and/or Other Misconduct**
The GTU encourages the reporting of all conduct prohibited under this Policy. An individual who reports sexual misconduct or discrimination, either as a Complainant or a third-party witness, will not be subject to disciplinary action by the GTU for his or her own personal consumption of alcohol or drugs, or other non-sexual misconduct, that happened at or near the time of the incident, unless the GTU finds the violation to be egregious. Egregious includes but is not limited to an action that places the health or safety of any other person at risk or involves plagiarism, cheating or academic dishonesty.

**Prohibition Against Retaliation**
It is a violation of GTU policy to retaliate against any person making a report of possible sexual misconduct, or against any person cooperating in the investigation of any report of possible sexual misconduct. Retaliation against any member of the GTU community may result in disciplinary action, including termination of employment or expulsion from the GTU.

**Conflict of Interest**
The GTU will take action to make sure that the official handling a complaint does not have a conflict of interest in the outcome of the complaint.

**What Happens When a Complaint is Made**
Upon receipt of a complaint or a report of an incident, a designated person will promptly schedule a meeting with the Complainant to take place as soon as possible to go over this Policy and to identify possible forms of support. The initial intake meeting shall be conducted by the Title IX Coordinator, Deputy Coordinator, or by an external designee selected by GTU, each of whom shall have training in victim-centered approaches (hereinafter, “Intake Officer”).

At this meeting, the Intake Officer will discuss whether there are any interim measures that may be implemented at the discretion of the GTU. The preferences of the Complainant and the Respondent on such measures may be stated and will be taken into consideration by the Intake Officer.

At the intake meeting, the Intake Officer will also discuss the following:

- The right to report the incident to local law enforcement agencies.
- The right to seek medical treatment and the importance of preservation of evidence.
• Requests for confidentiality, if any.

• The GTU’s obligation to consider all reports of incidents and the inability of the GTU to guarantee complete confidentiality.

• The GTU’s policy against retaliation of any person making a report or participating in the investigation or adjudication of an incident under this Policy.

• The possibility of an investigation by an outside impartial and neutral fact-finder selected by the GTU.

• The possibility for sanctions as determined by the GTU.

• The use of an Advisor or Support Person in any meeting or proceeding under this Policy.

• The GTU’s obligation to report crime statistics in its daily crime log.

Determination of an Investigation
The Intake Officer will then consider the nature of the report, the safety of the individuals involved and of the campus community, the Complainant and Respondent’s expressed preferences for resolution, and if the Intake Officer is not the Title IX Coordinator, will make a recommendation to the Title IX Coordinator on whether the matter can be resolved or whether to refer the matter for further investigation. Sexual assault cases will not be resolved through mediation.

The Title IX Coordinator will make the final decision on whether to refer the matter for further investigation. If the matter is resolved, the matter will be deemed closed, and the decisions final and binding, with no further rights of appeal. If the matter is referred for further investigation, the matter will follow the procedures for investigation and resolution described below.

The Title IX Coordinator or the Deputy Coordinator will inform the Complainant and Respondent in writing if the matter will be referred for further investigation.

If the Title IX Coordinator or Deputy Coordinator determine there is sufficient basis to initiate a Title IX investigation, the coordinator will meet with the Complainant and provide information about the process of the investigation.

Possible Interim Measures
Interim measures will be considered and implemented at the discretion of GTU. Interim measures, which may be applied to the Complainant and/or the Respondent, include such things as:

• Issuance of a “no-contact” order or directive that restricts persons from having contact with one another in person or through electronic means.

• Change in class schedule.

• Change in student related employment.

• Rescheduling of exams or assignments (in conjunction with appropriate faculty).
• Voluntary leave of absence.
• Providing escort services for movement between classes and GTU activities.
• Interim suspension or GTU imposed leave.
• Administrative hold on student accounts, including a hold on the release of transcripts while an investigation is pending.
• Denial of access to campus, campus facilities and GTU activities.

Purpose of an Investigation
The purpose of an investigation of a Title IX complaint is to determine:

• Whether the conduct in the complaint occurred.
• Whether the conduct is prohibited under any of the relevant GTU policies or law.
• Whether there is ongoing risk of harm of further prohibited conduct.
• What steps should be taken to prevent recurrence of the prohibited conduct.
• Whether the GTU should put accommodations for the Complainant in place.
• Whether the GTU should consider changes to policies, practices, procedures or training.

Conducting the Investigation
If an investigation is deemed necessary or desirable, the GTU will endeavor to conduct an investigation that is prompt, thorough, and impartial. Under normal circumstances an investigation should be completed within two months’ time. If the investigation takes place over extended GTU breaks the time may extended.

Investigator
The Title IX Coordinator or Deputy Coordinator will investigate or contract with an external investigator who has specific training and experience to conduct such an investigation. The GTU will ensure that the investigator is impartial, that is, not only has the necessary skills to conduct the investigation, but has no stake in the outcome of the investigation. The GTU will also make sure that the investigation is conducted in good faith, including an interview with all the critical witnesses. The role of the investigator is to be a neutral fact finder. The investigator may also designate another trained colleague to assist in interviewing parties, identifying and locating witnesses, and in gathering other facts and evidence. The investigator will conduct an investigation in a manner deemed appropriate in light of the circumstances of the case and will cooperate with law enforcement authorities to the extent necessary.

A typical investigation will include interviews with the Complainant, the Respondent and third-party witnesses, and of the collection of available physical, documentary and other evidence. Photographs may be taken. The Complainant, the Respondent and any third-party witnesses may present witnesses or other evidence to the investigator for consideration. Information collected during the initial intake and assessment will be forwarded to the investigator. If any
law enforcement agency is also investigating the incident, the GTU investigator may defer to the
police department for the collection and preservation of evidence.

The investigator will compile the details of the investigation into an investigative report, which
will contain summaries of the interviews, photographs (if available) and other related evidence
or duty logs and also a detailed analysis of the events. Before finalizing a witnesses’ statement,
the investigator may send a draft of the statement to the individual to allow them a chance to
add to it or make any suggested changes to their statement.

The investigative report will be prefaced with a summary of findings and recommended actions.
In this summary the investigator will:

• State the initial complaint.
• Outline the details of the investigation.
• State, whether, using a preponderance of the evidence standard, it is more likely than
  not that policy violation(s) occurred.
• If requested by the Title IX Coordinator, include any recommended sanctions or
  corrective actions to be taken.

If requested by the Title IX Coordinator to make a recommendation, the investigator may
recommend that the GTU impose certain sanctions or take certain corrective action; however,
the decision to select and implement, appropriate sanctions or corrective action, if any, remains
at all times within the authority of the GTU.

Standard of Review
The investigation will determine findings of fact using the “preponderance of evidence”
standard, that is, “it is more likely than not” that the prohibited conduct occurred.

Cooperation
All GTU faculty, staff and students are expected to cooperate with the investigation process.
Students and others have the right not to incriminate themselves.

Notice of Investigation
The Title IX Coordinator or Deputy Coordinator will advise the Respondent of the allegations
against him or her in writing. A copy of this notice will also be provided to the Complainant.

Participation
The Respondent and the Complainant will have an opportunity to respond to the notice of
investigation in writing and meeting with the investigator. Both parties have the right to request
that the investigator meet with witnesses and evaluate relevant documentary or other
evidence.

Support
The Respondent and the Complainant have the right to have a support person accompany him
or her through the processes outlined in this document. A support person may attend any
meeting or other aspect of the procedures specified in this document, but may do so in an
advisory or emotional support capacity only, and may not directly participate or intervene in
meetings, an investigation or other aspects of this process.

Review by Title IX Coordinator
In the event the Title IX Coordinator is not the investigator, the Coordinator will review any
report from the investigator and may seek additional information from the investigator, the
Respondent, Complainant or witnesses. As outlined above, the Title IX Coordinator or Deputy
Coordinator may consult and share responsibility with others, such as the Academic Dean,
supervisor, etc.

Actions
After completion of the investigation, the Title IX Coordinator or Deputy Coordinator will review
all the materials and consult as appropriated. The Coordinator will issue the Respondent and
Complainant a written Outcome Letter including any findings of fact, and if applicable, any
actions the GTU will take to provide accommodations to the Complainant, and any safety
measures taken by the GTU to protect the broader GTU community. The letter may also include
a recommendation that the matter be referred for disciplinary review by other GTU offices, such
as the Dean of Students, Academic Dean, or Human Resources. If prohibited conduct has been
determined to have occurred, a copy of the letter, modified subject to the limitations of FERPA,
will be provided to the Respondent’s Dean, supervisor or HR office.

The Title IX Coordinator or Deputy Coordinator can issue or recommend to a GTU officer any
sanctions he or she believes appropriate based on the results of the investigation, including but
not limited to warnings, censure, disciplinary probation, suspension, expulsion revocation of
admission or degree, withholding a degree, and termination of employment.

Past violation of the Respondent may be considered in the determination of an appropriate
resolution. The GTU will also consider whether the action will bring an end to the violation in
question, whether it will reasonably prevent a recurrence of a similar violation or whether it will
mediate any effects the violation had on the Complainant and the GTU community.

Any sanctions imposed under this Policy are effective immediately.

Appeal
If the Respondent or Complainant is dissatisfied with the final determination either party may
appeal. An appeal must be made in writing within ten (10) business days of the Outcome Letter.
The appeal should follow the standards for review outlined in this document and should clearly
state the remedy sought by the appealing party. The written appeal should be delivered to the
President of the GTU, who will contact the responsible party outlined in the section Authority
above.

Appeals should normally be completed within three weeks unless there is good reason to
extend the time necessary to review the appeal. Normally, the grounds for granting an appeal
will be limited to the following considerations:

• Is there compelling new evidence that was not available previously? Was the decision
  based on use of the proper criteria? Were improper or extraneous facts used that
  substantially affected the decision?
• Were there procedural irregularities that substantially affected the outcome of the investigation and decision for action that were detrimental to the Respondent or Complainant?

• Was the decision that someone in possession of the facts, criteria and procedures at the time one that a decision maker might reasonable have made?

**Arbitration**

If either the Complainant or the Respondent is not satisfied with the decision following a timely appeal, she or he may request review by an impartial arbitrator under the Rules of the American Arbitration Association by submitting a request in writing to the President of the GTU, no later than ten (10) business days after issuance of the decision following a timely appeal.

The request shall consist of a plain, concise and complete written statement outlining the grounds for disagreement with the outcome and all relevant information to substantiate the basis for doing so.

The President of the GTU will then decide whether the case is suitable for arbitration; if so, under written agreement between the GTU and the party seeking arbitration review, providing as a final and binding alternative to civil litigation, an arbitrator will be mutually selected between the parties, and the costs of the arbitrator’s fees shall be agreed to in writing by an authorized representative of the parties.

Any matter submitted to binding arbitration under this Policy shall be submitted in accordance with the Rules of the American Arbitration Association. Attorneys or advisors of the party’s choice may be present at and participate in the binding arbitration review process. This binding arbitration review process is the exclusive method of external review and is final and binding on both the GTU and the student, and the arbitrators’ award shall be final, binding and conclusive upon the parties and may be entered in any state or federal court having jurisdiction.

**False Accusations**

While the GTU encourages everyone to report harassing or inappropriate conduct, anyone who knowingly makes a false or bad faith accusation of harassment, discrimination, sexual misconduct, other conduct prohibited under this policy, or retaliation may be subject to appropriate sanctions. Failure to prove a claim of harassment, discrimination or retaliation does no itself constitute proof of a knowingly false or bad faith accusation. A complaint filed in good faith also will not be considered as retaliation.

**Coordination with Law Enforcement**

The GTU encourages everyone in this community to report criminal actions that are violations of California law, such as sexual assault, to the Berkeley Police Department. The GTU will assist a Complainant in making such a criminal report and will cooperate with law enforcement agencies if the Complainant decides to pursue the criminal process to the extent permitted by law.

Legal actions that may be taken by local law enforcement agencies, including criminal investigations, work independently of the GTU’s obligation to conduct its own investigation and grievance processes. If requested law enforcement authorities, the GTU may pause or extend its
investigation and grievance process. The GTU’s internal grievance processes are not subject to change because criminal or civil charges are not eventually brought against the Respondent, or are dismissed.

**Accommodations**

If prohibited conduct is found to have taken place the GTU will, to the extent reasonable and feasible, consult with the Respondent and Complainant in determining accommodations and safety measures. Appropriate actions may include:

- Class reassignments
- No contact letters and directives
- Limitations on non-course activities
- Removal from the GTU community
- Referral for disciplinary processes
- Review of GTU policies, practices, procedures and training
- Other appropriate actions necessary to lessen the incidence of prohibited conduct

**Retaliation**

Retaliation against any person making a complaint of prohibited conduct, or against any person participating in the investigation of an allegation of prohibited conduct, is a violation of GTU policy. Retaliation by any student, faculty or staff member is grounds for disciplinary action, up to and including dismissal from the GTU and termination of employment for cause.

**Berkeley Police Department and Criminal Investigations**

Since the GTU does not maintain a police force it encourages everyone to report all violations of the law involving sexual assault, rape, domestic violence, stalking and any other violation to the Berkeley Police Department. The Berkeley Police Department is not required to notify the GTU of violations of the law that involve GTU students, faculty or staff, so the GTU will not have notice of the incident unless it is also reported as indicated elsewhere in this document. The GTU will, to the extent allowed by law, cooperate with any investigation by the Berkeley Police Department.

**Privacy of Records**

The Title IX Coordinator will retain records of reports and related documents under this policy. In addition, records relating to reports of incidents of possible sexual misconduct under this Policy may become a part of a students’ academic record.

Documents which are prepared in anticipation of the investigation and resolution of the matter (including the investigative report and any other documents) will not be disclosed outside of the review process, except as required by law.
The final Outcome Letter will be issued concurrently to both the Complaining and the Respondent. The GTU neither encourages nor discourages the further disclosure of the final Outcome Letter by either the Complainant or the Respondent. GTU acknowledges that sharing the final outcome letter with others may be an important part of a student’s healing process.

Prevention, Training and Dissemination of this Policy

As a part of the GTU’s commitment to maintaining its campus and programs free from sexual misconduct and discrimination, this Policy will be disseminated widely to the GTU community through publications, websites, student orientations, and other appropriate channels of communication.

The Title IX Coordinator is responsible for overseeing the GTU’s efforts at training, prevention and education as it relates under this Policy. The Title IX Coordinator and the Deputy Coordinators will receive appropriate training for the intake and handling of reports of sexual misconduct under this Policy, including those that are victim-centered and trauma informed.

GTU will also provide other employees with online training relating to this Policy every two years.

In addition, in an effort to prevent all forms of sexual misconduct from occurring on the GTU campus or within the GTU community, the GTU will provide incoming students and faculty, at the start of the academic year, with a copy of this Policy, and may also provide additional materials designed to educate students on sexual misconduct and how to prevent it from occurring. Education programs shall promote the awareness of rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking, and shall be designed to prevent all misconduct prohibited under this Policy from occurring, to empower victims, to identify safe and positive options for bystander intervention, and to help recognize warning signs of abusive behavior and how to avoid potential attacks.

Students, faculty and staff of GTU are all encouraged to take part in education and training designed to prevent sexual misconduct.

Prohibited Conduct, Definitions and Examples

The GTU prohibits all forms of sexual misconduct, including sexual and gender related violence of any form, assault, harassment, domestic violence, dating violence, sexual assault, and stalking. These terms each encompass a broad range of behavior. The following behaviors are among the forms of sexual misconduct that violate GTU policy. Definitions and examples are provided to assist in the understanding of prohibited conduct.

CLOSE PERSONAL RELATIONSHIPS affecting Teaching, Mentoring and Supervisory Functions — Except where explicit and advanced authorization has been obtained in writing from the Vice President for Administration and Finance, no person who is employed by GTU may participate in a close personal relationship with an individual who is a member of the GTU community for whom the person provides or may (by virtue of GTU assigned position or functions) reasonably be expected in the future to provide teaching, mentoring or supervision. Supervision includes grading or other academic evaluation, job evaluation, decisions pertaining to promotion, the
direct setting of salary or wages, and job, internship, educational, or employment references or recommendations.

Close personal relationships include dating, sexual and similar close personal relationships that are or are not consensually undertaken by the supervisor and the individual. Such relationships do not include the usual and customary socializing at GTU of teacher-student; mentor-mentee; supervisor-employee; faculty member-graduate student; co-workers; and supervisor-student employee. A person provides supervision when she or he oversees, directs or evaluates the work of others, including but not limited to, managers, administrators, directors, deans, chairs, advisors.

DATING VIOLENCE — means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

DOMESTIC VIOLENCE — This is a form of sexual violence and is abuse committed against someone who is a current or former spouse, current or former cohabitant, someone with whom the abuser has a child, someone with whom the abuser ha or had a dating or engagement relationship, or someone similarly situated under California domestic or family violence law.

FORCE — is the use of physical violence or imposing on someone physically to gain sexual access. Other forms of force include intimidation (implied threats), threats and coercion that overcome resistance or produce consent. For example, “Have sex with me or I’ll hit you.” “Okay, don’t hit me; I’ll do what you want.”

FORCIBLE FONDLING — The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person’s will or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because of youth or because of temporary or permanent mental or physical incapacity.

FORCIBLE SEX OFFENSE — Any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent.

FORCIBLE RAPE— (Except Statutory Rape) The carnal knowledge of a person, forcibly and/or against that person’s will or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because temporary or permanent mental or physical incapacity.

FORCIBLE SODOMY — Oral or anal sexual intercourse with another person, forcibly or against that person’s will or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because of youth or because of temporary or permanent mental or physical incapacity.

INCEST — Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
PROHIBITED CONDUCT — In the context of this policy, Prohibited Conduct refers to matters of sexual assault sexual harassment, sexual misconduct, dating violence, domestic violence, stalking, discrimination based on race, color, national or ethnic origin, sex, age, disability, religion, sexual orientation, gender identity or expression, veteran status, or any other characteristic protected by law.

RAPE — is defined as “penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.” This definition includes any gender of victim or perpetrator. Sexual penetration means the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person. This definition also includes instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (including due to the influence of drugs or alcohol) or because of age. Physical resistance is not required on the part of the victim to demonstrate lack of consent.

The following scenarios illustrate incidents that are classified as Rape:

- A female college student attended an off-campus party. She drank heavily until she had difficulty standing and was slurring her speech. Two male students offered to walk her home. Once in her dorm room, she passed out. She awoke the next day in pain and found used condoms in her bed. She reported that she was raped to the local police department.

- One night, a woman’s husband was very drunk and he accused her of sleeping around. He became enraged and pushed her onto the bed and penetrated her with an object. She was too afraid to struggle.

- A student was drinking with a classmate. The classmate gave her a pill that he said would make her “feel really good.” After taking the pill, the woman did not recall what happened. A rape kit indicated semen from sexual penetration.

RAPE - ATTEMPTS TO COMMIT RAPE — are assaults or attempts to commit rape and are classified as Attempts to Commit Rape.

The following scenarios illustrate incidents that are classified as Attempts to Commit Rape:

- A man attacked a woman on the street, knocked her down, and attempted to rape her. A pedestrian frightened the man away before he could complete the attack.

- At a local bar, a man slipped gamma-hydroxybutyrate (GHB), a drug sometimes used to facilitate sexual assault, into the drink of his date. However, the man could not convince the woman to leave her friends and go home with him. After an investigation, detectives concluded that the man intended to rape the woman.

SEX OFFENSES, NONFORCIBLE— (Except Prostitution Offenses) Unlawful, non-forcible sexual intercourse.
SEXUAL ASSAULT — is defined as the imposition of non-consensual sexual conduct excluding rape, including but not limited to oral copulation, penetration by a foreign object, or touching, caressing, fondling, or touching of a person's genitalia, buttocks, or breasts.

SEXUAL ASSAULT WITH AN OBJECT— To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly or against that person’s will or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because of youth or because of temporary or permanent mental or physical incapacity.

SEXUAL CONTACT – NON-CONSENSUAL— Any intentional sexual touching, however slight, with any object, by any person upon any other person, that is without consent or is by force. “Person” is regardless of gender status.

SEXUAL EXPLOITATION — is defined as taking non-consensual or abusive sexual advantage of another person for one’s own advantage or benefit or advantage of another person. The following scenarios illustrate incidents that are sexual exploitation:

- Causing or attempting to cause another person to become drunk, drugged or otherwise incapacitated with the intent of engaging in a sexual behavior.
- Recording, photographing or transmitting images of sexual activity and/or the intimate body parts (groin, genitalia, breasts or buttocks) of another person without their consent.
- Allowing third parties to observe sexual acts and voyeurism (spying on people who are engaging in sexual acts or who are doing other intimate activities such as undressing, showering, etc.)
- Exposing one’s genitals in non-consensual circumstances or inducing someone to expose their genitals.
- Knowingly transmitting a sexually transmitted disease or virus to another person without his or her knowledge.
- Sexually-based stalking and bullying.

SEXUAL HARASSMENT — is defined as any unwelcome conduct of a sexual nature and can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature, such as assault or acts of sexual violence. Sexual harassment can take different forms depending on the harasser and the nature of the harassment. The conduct can be carried out by school employees, other students, and non-employee third parties, such as a visiting speaker. Students of any sex can be victims of sexual harassment and the harasser and the victim can be of the same sex.

The conduct can occur in any GTU program or activity and can take place in school facilities or at off-campus locations such as a member school classroom, office or apartment. The conduct can be verbal, nonverbal, or physical.
One form is quid pro quo or “this for that.” Unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature constitutes sexual harassment when it is implicitly or explicitly suggested that submission to or rejection of the conduct results in adverse educational or employment action. An example is a student advisor asking a student to have sex in exchange for keeping quiet about a student’s violation of the plagiarism policy.

Another form of sexual harassment involves hostile environment. It is sexual harassment when an individual receives unwelcome sexual advances, unwanted verbal, physical, or visual behavior of a sexual nature, or is made to feel uncomfortable because of their gender or sexual orientation. Conduct that may constitute sexual harassment may include one or more of the following:

- Physical conduct — unwanted touching, blocking normal movement, or interfering with studies or work.
- Verbal conduct — epithets, derogatory comments, slurs, or humor of a sexual nature.
- Visual conduct — leering, making sexual gestures, displaying suggestive objects or pictures, cartoon posters in a public space or forum.
- Written conduct — letters, notes, or electronic communications containing comments, words or images as described above.

The following scenarios illustrate incidents that are classified as sexual conduct and may constitute sexual harassment if unwelcome:

- A faculty member tells a student that his or her grade can be improved if the student performs a sexual act for the faculty member.
- A student scrawls graffiti of a sexual nature on the book of another student.
- A GTU official sends a student a text message to arrange a time to meet for a sexual encounter. Sending such a text message would constitute sexual conduct.

SEXUAL INTERCOURSE, NON-CONSENSUAL (OR ATTEMPTS TO COMMIT THE SAME) — Any sexual intercourse, with any object or body part, by any person upon any other person, that is without consent or is by force. “Person” is regardless of gender status.

STALKING — is the act of willfully, maliciously, and repeatedly following or willfully and maliciously harassing another person and making a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family or suffer substantial emotional distress. For the purpose of determining whether stalking has occurred, harass means “engages in a knowing and willful course of conduct directed at a specific person that seriously alarms, annoys, torments, or terrorizes the person, and that serves no legitimate purpose. Course of conduct means two or more acts occurring over a period of time, however short, evidencing a continuity of purpose. Credible threat means a verbal or written threat, including that performed through the use of an electronic communication device, or a threat implied by a pattern of conduct or a combination of verbal, written, or electronically communicated statements and conduct.
STATUTORY RAPE—Non-forcible sexual intercourse with a person who is under the statutory age of consent.

Other Definitions

ADVISOR OR SUPPORT PERSON — is a person who provides emotional support to a Complainant or Respondent and who may be present in a non-participating role to provide moral support during any meeting or proceeding under this Policy. The advisor or support person may be a currently enrolled student, parent of the student, or a GTU faculty or staff member. Non-participating means that the advisor or support person is silent and does not speak or present information during the meeting or proceeding under this Policy. Attorneys are not permitted to participate in any Campus meeting or proceeding under this Policy, absent advance written consent of the Title IX Coordinator and agreement to terms.

CLERGY MEMBER — means “a priest, minister, religious practitioner, or similar functionary of a church or of a religious denomination or religious organization.” Communications made in confidence with a clergy member may be privileged under the “clergy-penitent privilege” described in Evidence Code sections 1032-1034. A person who meets this statutory definition may also meet the definition of a pastoral counselor for purposes of Title IX and Clery Act, which dictate various campus officials’ obligations to report sexual assault to campus authorities.

COERCION — is a form of force which comprises unreasonable pressure for sexual activity. When someone makes clear that they do not want to participate in a sexual activity, that they want to stop, or that their limit is at a certain point, continued pressure to act beyond that point can be coercive.

COMPLAINANT — A student, faculty or staff member who has made an allegation against another person of Prohibited Conduct.

CONSENT — is defined as affirmative, conscious, and voluntary agreement to engage in sexual activity. The individuals consenting must act freely and voluntarily and have knowledge of the nature of the act or transaction involved. A current or previous dating relationship is not sufficient to constitute consent. Lack of protest or resistance does not mean consent, nor does silence mean consent. Consent must be affirmative and be ongoing throughout a sexual activity and can be revoked at any time. It is the responsibility of each person involved in the sexual activity to ensure that he or she has the affirmative consent of the other to engage in the sexual activity.

INCAPACITATION — is a state where someone cannot knowingly give consent. It may occur as the result of alcohol or other drug use. This Policy also applies to a person who is incapacitated as a result of sleep, mental disability or from taking rape drugs (Rohypnol, GHB, Burundanga, Ketamine, etc.)

PASTORAL COUNSELOR — means a person who is associated with a religious order or denomination, is recognized by that religious order or denominations as someone who provides confidential counseling, and is functioning within the scope of that recognition. 34 C.F.R. §§ 668.46(a). In this context, a pastor who is functioning as an administrator of GTU or as a student advocate would not be exempt from the reporting obligations under Clery and Title IX.
Preponderance of Evidence — The standard used by the GTU, in compliance with directives by the Office of Civil Rights of the Department of Justice, in demonstrating facts in an investigation of a Title IX complaint. Preponderance of evidence means the greater weight of evidence, that the evidence on one side outweighs the evidence on the other side.

Respondent — A student, faculty or staff member who is accused of engaging in Prohibited Conduct.

Retaliation — Retaliation means any adverse action taken against a person because he or she reported a concern or conduct that may be prohibited or participated in an investigation of such a report or assisted another person in making such a report.

Standard of Evidence — In determining whether the elements of a complaint against a Respondent are sustained, the GTU will use a “preponderance of evidence” standard.

Witness — refers to any individual who either witnessed an incident or who has relevant information regarding a case that is being investigated under this Policy.
