Students
Welcome! You will need to enroll in each of your courses in Moodle, each semester. To enroll in a class on Moodle:
1) obtain an enrollment key from your instructor
2) search for your course in the search field at the bottom of this page
3) enter the enrollment key and click to confirm
4) you are now enrolled.

Even if you registered for the course in WebAdvisor, please be aware that the systems are not connected. If you cannot find your class here, remember that not all classes use Moodle sites; check with your instructor.

Please take a minute and check to be sure that your e-mail address is listed correctly in your profile (need help? click here). It is important to have the correct address or you will not receive announcements and other information from your courses.
