

zotero

Please bring your own laptop. We recommend downloading and installing Zotero standalone and the browser extension before coming. Visit www.Zotero.org to download.

Face-to-face
workshops in the
library:

Friday April 7th
@2pm

Tues. April 11th
@12:30pm

Live online
workshop in
YouTube:

Wed. April 12th
@2pm

Wait, what's Zotero? It's *free* citation management software that can organize research for multiple projects with multiple formats (books, articles, webpages, and video). It integrates with Microsoft Office and Open Office, and can create an alphabetized bibliography in your choice of style, including Turabian. Save time, research efficiently!
