2022-2023 Federal Direct Graduate PLUS Request

Student's Name: _____ Student ID#/SSN: _____

A Federal Grad PLUS loan request will only be reviewed and processed for students who have already borrowed up to the annual maximum aggregate limits in federal Unsubsidized Direct Loan eligibility. Please review the [Graduate PLUS Loan Borrowing Policy](#) and follow all required steps including this form. Federal Direct Graduate PLUS Loans are unsubsidized and not based on financial need. Borrowers are responsible for the accrued interest from the time the loan is disbursed. Interest may be paid periodically while in school at least half-time or the interest will accrue and be capitalized at the start of repayment. **IMPORTANT:** If during the pursuit of any postsecondary degree program you have ever defaulted on a federally insured educational loan, a copy of the loan default clearance letter is required.

Step 1: Complete the Graduate PLUS Loan Application, Master Promissory Note (MPN), Annual Student Loan Acknowledgment, and Entrance Counseling for Graduate/Professional Students

at www.studentaid.gov. First-time federal student loan borrowers at the GTU must complete online Entrance Counseling **AND** sign the PLUS Master Promissory Note for Graduate/Professional Students; federal loans cannot be processed until all three requirements have been met.

IMPORTANT: Beginning in the 2022-2023 academic year, as part of the MPN confirmation process, borrowers of Federal Direct Loans will be required to complete the Annual Student Loan Acknowledgement on studentaid.gov each year prior to receiving the first disbursement of their loan.

NOTE: If the USDE has determined an adverse credit decision, you must also submit proof of completion of online PLUS Credit Counseling.

Step 2: Complete and submit the Repayment Estimator to the Financial Aid Office

At www.studentaid.gov select "Manage Loan", from the top menu, then select the "Loan Simulator" link. Save as a PDF and email a copy to finaid@gtu.edu.

Step 3: Complete your Estimated Budget

Consider available income and resources that will support your educational expenses and the total costs for the 2022-2023, 9-month and 4 1/2 -month period of and enrollment. Students enrolled for one term only should project their budget for the period of enrollment; fall 2022: 09/06/2022 to 12/16/2022, or, spring 2022: 01/30/2023 to 05/19/2023. This budget should be based on the student's education-related expenses.
